

Grand Island Casino Opens Elite Sportsbook

Adding to Table Games and Slots

Grand Island, NE— Elite Casino Resorts is thrilled to open the Elite Sportsbook at its Grand Island Casino on Wednesday, August 23, 2023. Guests will find convenient betting kiosks and retail betting in the Draft Day area at the Grand Island Casino. Last week, the casino expanded its offerings by being the first to offer table games in Nebraska, adding blackjack, craps, and roulette tables in addition to new state-of-the-art slot machines.

"We are excited to offer sports betting to our guests," said Dan Kehl, CEO of Elite Casino Resorts, the parent company of the Grand Island Casino. "This is another big step on our path to bring a permanent, full-service casino resort to Grand Island."

Chris Kotulak, CEO of Fonner Park, also expressed his enthusiasm, stating, "We are listening to our customers and adding amenities and options to make every visit a great experience."

The location of the new sportsbook received an upgrade. The former Snack Bar underwent a transformation into "Draft Day," a culinary destination offering an expanded menu selection including appetizers, burgers, pizza, salads, and breakfast bites on Saturday and Sunday mornings. The menu, designed to cater to a variety of tastes, is sure to enhance the overall casino experience.
